The Morningstar Rating™ is provided for those collective investment trusts (CITs) with at least a three-year history. Ratings are based on the CIT's Morningstar Risk-Adjusted Return measure which accounts for variation in monthly performance, placing more emphasis on downward variations and rewarding consistent performance. Morningstar compares each CIT's risk-adjusted return against the breakpoints for the exchange-traded fund and open-end mutual fund universe for that category. The top 10% of exchange-traded and open-end mutual funds in each category receive 5 stars, the next 22.5% receive 4 stars, the next 35% receive 3 stars, the next 22.5% receive 2 stars and the bottom 10% receive 1 star. The CIT's Morningstar Rating does not affect the retail fund data published by Morningstar.

The CUIT Money Market Fund is not rated by Morningstar.

The comparative indices represent unmanaged or average returns on various financial assets which can be compared to the Funds' total returns for the purpose of measuring relative performance, but are not necessarily intended to parallel the risk or investment approach of your investments. The indices do not incur taxes or expenses but are inclusive of dividends and interest. Comparative index information is provided by certain third parties; information regarding composition of indexes may be obtained from provider or CBIS.

The CUIT Funds are exempt from registration with the Securities and Exchange Commission and therefore are exempt from certain regulatory requirements applicable to registered mutual funds. Performance for periods of one year and longer are annualized. All Fund performance, except where otherwise noted, is reported net of any fees and expenses, but inclusive of dividends and interest. The return and principal value of the Funds will fluctuate and, upon redemption, shares in the Funds may be worth less than their original cost. Past performance is not indicative of future performance.
